

Xello Save Three Careers Reflection

NAME _____ DATE _____ PERIOD _____

Required Xello task

Save at least **3 careers** in Xello. They may come from Health Science or another cluster. A thoughtful "not for me" decision is valid, but the district completion task still requires three saved careers for comparison.

Which saved career currently fits you best? _____

Use one result from your Xello profile or one Week 0 building block:

Which saved career needs more research? _____

What exact fact will you check next?

Completion check

- ☐ I saved at least 3 careers in Xello.
- ☐ I can see all 3 in my saved-careers list.
- ☐ I completed the comparison above.

If Xello is unavailable, complete the paper reflection now and finish the required save task during supervised catch-up. Platform access does not lower the reflection score.
