

Smile Squad Observation Record - Optional Scaffold

NAME _____

DATE _____

PERIOD _____

Observation boundary

Use this only when the assigned FYF workbook pages are unavailable or an access scaffold is needed. The default writing surface is FYF pp. 69-71.

Oral rehearsal: “I notice __. *It could match* __, but the image alone does not prove ____.”

Word bank: **bright • dark • smooth • uneven • developing • restoration • uncertain**

Describe visible patterns. Do not diagnose a person or claim that an image proves a condition.

Workbook evidence

Two cavity-risk clues from FYF pp. 69-71:

1. _____
2. _____

Prevention recommendation

Choose one reasonable prevention step. This is not a diagnosis or treatment plan.

My recommendation: _____

Evidence 1: _____

Evidence 2: _____

Sentence frame: “I recommend _ ***because the workbook shows*** _ and ____.”

Observation rewrite

Rewrite “This proves the patient has a cavity” as an accurate observation.

One trained dental career that would interpret or act on this evidence: _____
