

Xello Skills Lesson Reflection

NAME _____ DATE _____ PERIOD _____

Required Grade 8 task

Complete the **Skills lesson** in Xello. The district completion target is the finished lesson. Xello requires at least three saved careers before this lesson opens.

Do not submit a screenshot of your profile. Your teacher checks the Completion Standards report.

Access check:

- ☐ I completed Xello Skills.
- ☐ Xello or the three-career prerequisite was unavailable. I used one teacher-provided skill below and need supervised Xello catch-up.

If blocked, choose one temporary skill: **observation** • **communication** • **problem solving** • **teamwork** • **organization**. The reflection supports today's thinking; it does not replace Xello completion.

Connect one skill to two settings

Word bank: skill = habilidad • transferable = transferible • improve = mejorar

Frame: [Skill] is useful in veterinary work when [example]. It is useful in [other career] when [example].

One skill from the lesson: _____

How I already practice it at school, home, in an activity, or in my community:

How the same skill appears in one veterinary career:

Career: _____ Skill in action: _____

How the skill could transfer to a different career or pathway:

Other career or pathway: _____
