

Private Xello Biases Reflection

NAME _____

DATE _____

PERIOD _____

Keep this reflection private

Complete **Biases and career choices** in Xello first. You may use an assumption from media, school, or general culture. You do **not** have to disclose private identity or family information.

Word bank: bias / sesgo · assumption / suposición · evidence / evidencia · challenge / cuestionar · investigate / investigar

1. BEFORE THE LESSON

What is one assumption people may make about plant, agriculture, engineering, or outdoor work?

2. AFTER THE LESSON

Use one Plant-Tech Guide or Xello fact to challenge, complicate, or confirm the assumption.

3. A FAIR NEXT MOVE

Name one fair way to test the assumption before ruling the career in or out. Explain why it helps.

Frame: "People may assume [idea]. The fact [evidence] challenges or complicates that idea because [reason]. A fair next move is [action]."

PRIVATE SUBMISSION CHECK

- ☐ I completed the Xello lesson or my supervised catch-up is recorded.
- ☐ I used a career fact, not a stereotype, as evidence.
- ☐ I did not include private information I do not want to share.
- ☐ I submitted this page or typed the same response in the private Canvas assignment.
