

Unexpected Architecture — Individual Evidence

NAME _____

DATE _____

PERIOD _____

City Goals and My Contribution

Firm name: _____ Concept: _____

Two city goals selected from the licensed brief:

1. _____
2. _____

My individual contribution:

One design decision and the city-goal evidence behind it:

The firm creates one shared front-and-side concept in FYF pp. 183-184, on one team sheet, or in one designated private Canvas submission. Do not redraw the team concept here.

One limitation or question the firm would investigate next:

Cluster Synthesis

Word bank: architect · drafter · interior designer · construction manager · engineer · client · city goal · work product

Use this frame: We chose [goal]. The [worker] contributes [work], while the [worker] contributes [work]. Together, these roles [result].

Describe what three different workers would contribute at different points.

WORKER	WORK THIS PERSON CONTRIBUTES
1.	
2.	
3.	

One preparation fact from Day 2:

One salary fact with occupation, May 2024, U.S., median, and BLS:

How the roles work together to meet a city goal:
