

Expert Edge - Opportunity, Responsibility, and Revision

NAME _____ DATE _____ PERIOD _____

Page 1 - Opportunity with Boundaries

Default route: Complete Expert Edge in FYF pp. 222-224. Use this companion for the individual opportunity, responsibility, risk, boundary, and career evidence the workbook does not collect. The locked Canvas images plus this page are the no-workbook route.

SEE THE PARTS

SKILL	AUDIENCE NEED	DELIVERABLE	OPPORTUNITY
organizing digital photos	a family needs a clear album plan	labeled folder and album outline	offer a fictional planning service with clear limits

Specific deliverable from my FYF plan:

Why this is an opportunity, not only a topic or hobby:

RESPONSIBILITY AND RISK

One owner responsibility:

One risk or uncertainty:

One control or boundary:

Word bank: opportunity/oportunidad · deliverable/producto entregable · responsibility/responsabilidad · risk/riesgo · control/control

Use this frame: This is an opportunity because [audience] needs [deliverable]. The owner must [responsibility] and control [risk] by [action].

Page 2 - Private Test, Revision, and Career Connection

This is a classroom plan, not a business launch. Do not sell, collect payment or data, contact clients, create an account, publish a promotion, promise income/results, or copy a real logo, character, brand, or trademark.

TEST THE PLAN

Use a teacher conference, partner review, or self-check. Oral delivery is optional and is not scored.

- ☐ audience, need, and deliverable are distinct;
- ☐ fictional price includes a unit and is not an income promise;
- ☐ responsibility, risk, and control are visible;
- ☐ original mark does not copy a real identity;
- ☐ message says what the service will and will not do.

Feedback or self-check evidence:

Visible revision:

Why the revision makes the plan clearer or safer:

CAREER CONNECTION

Choose one: marketing specialist · brand strategist · graphic designer · market research analyst

Career, work product, and next use of this evidence:

One qualified adult or source a real entrepreneur would consult before acting:

Done when: FYF work or no-workbook route + opportunity chain + responsibility/risk/control + private test + visible revision + career connection.
