

Career Research Worksheet

NAME _____

DATE _____

PERIOD _____

One career per sheet. Fill in all six parts. Use the source your teacher assigns. Hats & Ladders, Xello, or another approved source may help you explore, but do not invent a fact when a site is unavailable.

1. Name of Career

2. What Interests You?

What made you want to learn about this career?

3. Brief Job Description

What does this worker do on a normal day?

4. Education / Training Needed

How much school or training do you need after high school?

5. Salary Evidence

Record the number or range, salary type (for example, median or typical range), geography, source, and data year.

6. What Tools, Equipment, or Skills are Needed for This Career?

Keep this sheet. You will use these same six parts in every career week this year.
