TRADE-OFF

08 / 10

You just finished your shift as a CNA. You need to tell the nurse on the next shift that one patient refused medication. You can use two communication tools:

A A quick 2-line note in the patient chart

Pros: *fast, written record, next nurse reads it.*

PROS OF PICKING A

B A verbal handoff in person AND a note

Pros: *chance to answer questions, more thorough.*

PROS OF PICKING B
