## MINI-CASE

07 / 10

A new conservation team needs a drone to track sea turtles on remote beaches at night. Very different from tracking jaguars in dense forest.

- 1 | Which ONE component from MY wildlife tracker blueprint would I CHANGE for the sea-turtle-at-night mission, and why? My change: Why:

---

---

---

- 2 | Name ONE engineering career from the H&L cluster tour that SURPRISED me today (Drone Engineer, Mechanical Engineer, Aerospace Engineer, Robotics Technician, Electrical Engineer, Civil Engineer): Career:

---

---

---

- 3 | In one sentence, what makes this career DIFFERENT from a Drone Engineer?

---

---
